

## Cruisin' In

The Whispers

Cruising in  
Never thought that it would come so easily but here we are  
And it came so naturally, so unexpectedly here with me  
And I just can't stop the flow

The night is hot so let's ride this wave of love  
I'm cruising in  
Don't have to pretend  
I don't have to lie  
I just don't get enough  
I'm cruising in  
And it seems like there's no end  
Cruising in

On the wings of love it feels so heavenly just face the free  
I can't believe that this is happening to me, must be my day  
And I'm glad it's turning out this way

No rush, no fuzz  
'Cause with you, girl, love's a breeze  
I'm cruising in  
Now I feel at ease  
You know haste makes waste  
I like this steady pace  
I'm cruising in  
Let me it once again  
I'm cruising in

So mellow

I'm cruising in to your love  
I'm cruising in  
Love didn't hit me like a lightning bolt, it came on cloud, my heart's afloat  
I'm cruising in, baby, baby, baby, to your love  
I'm cruising in  
Taking it slow, checking out the scene, came along with a love so  
I'm cruising in, baby, baby, baby, right to your love  
I'm cruising in
