

# Don't Keep Me Waiting

The Whispers

You've got a sexy way of turning me on  
I love the way you do it to me  
And you've got a crazy way of getting me all  
Come on, baby, do it to me

I like the way you move your body  
All night long, girl, it feels so good  
Especially when you're making love to me

Don't keep me waiting  
Baby, you've got me anticipating  
I only wanna be with you  
Don't keep me waiting  
Baby, you've got me anticipating

You've got a certain way of touching my heart  
Nobody else can do it to me  
And it's that certain way that keeps me holding on  
Come on, baby, work it on me

I like the way you move your body  
All night long, girl, it feels so good  
Especially when you're making love to me

Don't keep me waiting  
Baby, you've got me anticipating  
I only wanna be with you  
Don't keep me waiting, hey, baby  
Baby, you've got me anticipating

I like the way you move your body  
All night long, girl, it feels so good  
Especially when you're making love to me

Don't keep me waiting  
Baby, you've got me anticipating  
I only wanna be with you  
Don't keep me waiting, hey, baby  
Baby, you've got me anticipating  
I don't what I'm gonna do

Don't keep me waiting  
'Cause I really, really love you  
Baby, you've got me anticipating  
No matter what you say or do  
Don't keep me waiting  
Baby, you've got me anticipating  
I don't what I'm gonna do

Don't keep me waiting  
Don't keep me waiting  
Don't keep me waiting  
Anticipating  
I only wanna be with you  
Don't keep me waiting  
Don't keep me waiting, girl  
Anticipating

Don't keep anticipating, girl  
Don't keep me waiting...
