

Girl Don't Make Me Wait

The Whispers

Ever since I met ya
I just can't forget ya
You really got a hold on me, uh-huh
Though we're miles apart
You're the keeper of my heart
I need you close to me

Girl, don't you know
I think I told you in a thousand letters
How much I miss your kissin'
And your warm embracin'
It's time to show
How much my lovin' really matters
Baby, whatcha gonna do
I'm waitin' on you

Don't hesitate, girl
Don't procrastinate
Baby, don't make me wait on your love
Please, don't be late, girl
(Oh, don't hesitate)
Don't you hesitate
Baby, don't make me wait on your love

You would not believe it
If I said I'm deeply
My body's longing for your touch, oh, yeah
I guess it's the distance
That makes my heart grow fonder
'Cause, baby, my heart needs you

Girl, don't you know
I think I told you in a thousand letters
How much I miss your kissin'
And your warm embracin'
It's time to show
How much my lovin' really matters
Baby, whatcha gonna do
I'm waitin' on you

Don't hesitate, girl
Don't procrastinate
Baby, don't make me wait on your love, oh-oh...
Please, don't be late, girl
(Oh, keep too late)
Don't you hesitate
Baby, don't make me wait
Baby, don't make me wait on your love

Uh-uh, don't do it
Don't make me do it

Girl, don't you know
I think I told you in a thousand letters
How much I miss your kissin'
And your warm embracin'
It's time to show

How much my lovin' really matters
Baby, whatcha gonna do
I'm waitin' on you

Don't hesitate, girl
Don't procrastinate
Baby, don't make me wait on your love
Please, don't be late, girl
(Oh, keep to late)
Don't you hesitate
(Don't you know I need you)
Baby, don't make me wait on your love

Don't hesitate, girl
Don't procrastinate
Baby, don't make me wait on your love
(Ooh, don't make me wait on your love)
Please, don't be late, girl
(Oh, don't hesitate, oh...)
Don't you hesitate
Baby, don't make me wait on your love

Don't hesitate, girl

Don't do it
Don't make me do it
Don't do it
Don't make me do it
Don't do it
Don't make me do it
Don't do it
Don't make me do it...
