

Lay It On Me

The Whispers

Darling you were looking good
When you came to me
And asked for a dance
And I said, "We can dance."
Felt like a queen
Sweedish summer nights are hot
And the trees can talk
We lay on the grass
So easily, so blessed
Whispers in blindness
And I didn't hold you back

I'm talking about it (babe)
'Cause you've been teasing me
I'm talking about it
'Cause you are bad right through
Stay with me and I shall want no other love
Stay with me another love another lie

Stay with me and I shall want no other love
You were talking so sweet
But you were touching and teasing

I can hear the soft bells ring
Through a thousand years
They call out to me
They say it's only once in a life we love
Now I've had that honour too
You were holding my hand
You were kissing my skin
Stay with me
Trees are whispering
Only once my dear
