

Praise His Holy Name

The Whispers

Praise His holy name
Praise His holy name

Praise His holy name
Praise His holy name

Seeing the birds fly in the sky
Hearing a new born baby cry
Finding the apple of my eye
Makes me wanna praise His holy name

Spreading our love across the land
Ready to lend a helping hand
Knowing that there's a master plan
I wanna praise His holy name

On and on

I give thanks for all he's given
Like the miracle I'm living, yeah

On and on

I accept His mighty love
As a matter of fact, whoo
And we're gonna

Praise His holy name
Praise His holy name

Praise His holy name
Praise His holy name

Having the sun light up your day
Watching the children run and play
Together we'll make a better way
And we can praise His holy name
Seeing the beauty everywhere
And living your life without a care
Knowing that love will take us there
And we can praise His holy name

On and on

I give thanks for all He's given me
Can't you see

On and on

We accept His mighty love
As a matter of fact, whoo
And we're gonna

Praise His holy name
Praise His holy name

Praise His holy name

Praise His holy name

Praise His holy name
Praise His holy name

Praise His holy name
Praise His holy name

Praise His holy name
Praise His holy name

Praise His holy name
Praise His holy name

Praise His holy name
Praise His holy name

Praise His holy name
