

# Up On Soul Train

The Whispers

Hey, it's party time  
So get on your kicks, and walk  
Get on the train  
And ride it, wherever it goes

We gonna boogie right down  
To every town  
Boogie with the train  
'Round the world and back

Soul Train  
Come on, and shoot your shot  
We gonna have a good time  
The big train is mighty hot

There's no ticket to buy  
We'll take you on down the line  
Don't need your money  
Your body will do just fine

We gonna do it so smooth  
On every street  
You can join the club  
If you can shake your thing

Soul Train  
Plenty of funk for you  
Come on along and boogie  
The big train is coming through

Soul Train  
We wanna dance with you  
The music is nice and funky  
The people are groovy, too

Soul Train  
So nice and funky  
Makes me feel so good

Soul Train  
I don't need no ticket  
I'm just gonna get on board

Soul Train  
It's just me and my lady  
We gonna boogie on together

Soul Train  
Why don't you come on and party  
It's gonna be alright

Soul Train  
You don't need no money  
If you can shake your thing
