

Whisper in Your Ear

The Whispers

Whisper in your ear
I wanna whisper in your ear
Baby, let me whisper
Sweet nothings in your ear
I wanna whisper
Sweet nothings in your ear
Something I want you to hear
My dear

Girl, the words I want to say to you
Somehow get lost over the phone
Got to meet you face-to-face
And only you and I alone
Got to let you see I got no lying eyes
And I'm sure that you're no devil in disguise
(Say what?)
I'll be right there before you hang up the line
On second thought, don't hang it up
Don't want nobody to disturb us

Ooh, I like the music we make
So let's groove on each other while we can
'Cause you're so much, woman
I'm a whole lot of man
I know you've heard these words
So many times before
And as soon as you let 'em in
They're walking out the door
But I got a lock on love
And I'll give you the key
So relax with me
(Relax, relax)
Relax and let me...

Whisper in your ear
I wanna whisper in your ear
Baby, let me whisper
Sweet nothings in your ear
I wanna whisper
Sweet nothings in your ear
Something I want you to hear
My dear, ow!

Wanna whisper, whisper in your ear
All the things I really wanna hear

Ooh, I like the music we make
So let's groove on each other while we can
'Cause you're so much, woman
I'm a whole lot of man
I know you've heard these words
So many times before
And as soon as you let 'em in
They're walking out the door
But I got a lock on love
And I'll give you the key
So relax with me, baby

(Relax, relax)
Relax and let me...

Whisper in your ear
I wanna whisper in your ear
Baby, let me whisper
Sweet nothings in your ear
I wanna whisper
Sweet nothings in your ear
Something I want you to hear
My dear

Whisper in your ear
I wanna whisper in your ear...
