

## John Jameson

### The White Buffalo

Well I'm sloshed and seeing the stars  
Stumbling between bars, curse you Jameson  
You have destroyed me once again  
But I need you now, I need you now

I'm bruised and busted now  
Got to get to you somehow  
Well I can't stop before I start  
To dry this drowning heart  
Oh I need you now, I need you now

I think I drank more than my fill  
And that explains the evil in my eyes

I'm lost in the middle of a drunk  
I'm not sinking, I have sunk  
To the shadows at your back door  
You scream you don't need me no more  
Oh I need you now, I need you now

In this fog there's just John n' me  
Help me find the remedy tonight  
When there's only wrong in me  
There's nothing that can lead me to the light

Oh I need you, like the flowers need the rain  
Well I don't need you, there's no flowers, only pain  
Behind the empty of your eyes I see the sadness and the blame  
In the darkness of my heart there's only shame  
Well I'm sloshed and seeing the stars
