

She's Moving In

The Whitlams

Cutlery, paintings, lots of feminine things
A frilly mat to put under the phone
Big old TV and a modular couch
Her curtains will look good in this house

Because she's moving in, she's moving in

Big old trunk that she bought in Trieste
Poland's been invaded with less
Her little cat, his little friend
We'll get to the moon putting her clothes end to end
Because she's moving in, she's moving in

She's in
She's in
She's in
