

## Motoring

The Who

I say, "Hey, hey everybody  
Come on let's go for a ride, motorvating  
Yeah, grab your baby and  
Pull her right by your side, motorvating  
Go around to Main Street and  
Go on right over to here, motorvating"

Yeah, we're gonna have a lot of fun  
So turn your motor on yeah, and let it run  
Motorvating  
Yeah, motorvating

Yeah, put two hands on the wheel  
Like a real good driver should, motorvating  
Get out your door, then make sure  
That you check your hood, motorvating  
Be sure you don't drive too fast  
You don't want it to be your last, motorvating

Yeah, we gonna motor all night long  
And when it starts to rain turn your wipers on  
Motorvating  
Yeah, motorvating

You turn your motor on and rev it up fast  
Put it in gear yeah  
And step on the gas, motorvating  
Yeah, motorvating

I said, I said, "Hey, hey, hey, everybody  
C'mon let's go for a ride, motorvating  
Yeah, grab your baby and  
Pull her right by your side, motorvating  
Yeah, yeah, we're gonna motor all night long  
And when it starts to rain turn your wipers on, motorvating"

Yeah, motorvating  
Yeah, yeah, yeah, come on baby  
I said, "Yeah, yeah, motorvating"
