

Blow Me Down

The Wiggles

Blow me down, blow me down, blow me down
Give it your best shot
Well blow me down, blow me down
Blow me down
Give it all you got
Breathe in deep and fill those lungs
Look out now 'cause here it comes

How would you like to play this game?
With The Wiggles and their friends?
"Greg, can I go first?"
Once you start its hard to stop
The fun will never end
"I can't wait"
All it takes is three little words
Say them loud, make sure you're heard

Blow me down, blow me down
Give it your best shot
"My turn now"
Give it all you got
Breathe in deep and fill those lungs
Look out now 'cause here it comes

"Whoah ho me hearties. Ho ho ho ho
Oh this is my favourite game. Ho ho ho
Come on now - one, two, three
Blow me down Whoo ho hoo
Ha ha ha ha ha
Oh, oh dear I'm going to be blown over"

Some people play running games
And others like to dance
But there's a game you'll play again
When you get the chance
All it takes is three little words
Say them loud, make sure you're heard
"Blow me down, blow me down"
Give it your best shot
"Ruff ruff ruff, Ruff ruff ruff"
Give it all you got
Breathe in deep and fill those lungs
Look out now 'cause here it comes
Breathe in deep and fill those lungs
Look out now 'because here it comes
Breathe in deep and fill those lungs

Hey, I just realised. I haven't said it yet
Won't you blow me down?
Oh, thanks"
