

Don't Know

The Wild Feathers

Starlights fading and burning out
Can't stop the changes all around
Got a way a living, high on a cloud
Sooner or later coming down

I don't know, I don't know
If I can let it go

We're mixing signals underneath our breath
Am I giving in just to let it rest
I change directions, I can take a step
Try to forgive, but can't forget it

I don't know, I don't know
If I can let it go
I wanna say that I can walk away
But I can't let it go

I don't know, I don't know
If I can let it go
I wanna say that I can walk away
But I can't let it go
Let it go
