

Leave Your Light On

The Wild Feathers

When the highway ends
I'm coming back to see you
Though my wheels still spin
Soon again I'm leaving

And I'm going, going away from home
And I'm going, gone for way too long
Leave the light on, leave the light on, oh
Will you wait 'til September
Will you wait on spring
Will you wait forever
Will you wait on me

Well I ran away
But always end up back here
I can't stay
'Cause I can't be everywhere

And I'm going wherever the cold winds blow
And I'm going, gone for way too long
Leave the light on, leave the light on, oh
Will you wait till September
Will you wait on spring
Will you wait forever
Will you wait on me

When I'm gone I'm gone
When I'm gone I'm gone
(When I'm gone I'm coming home) When I'm gone I'm gone
(When I'm gone I'm coming home) When I'm gone I'm gone
(When I'm gone I'm coming home)

Leave the light on, leave the light on
Leave the light on, leave the light on
Leave the light on, leave the light on

Will you wait till September
Will you wait on spring
Will you wait forever
Will you wait on me

Will you wait till September
Will you wait on spring
Will you wait forever
Will you wait on me
