

Run And Hide

The Wild Reeds

Even the Earth can't take it
No, it keeps on swayin'
And I can't help but sway myself

It's been bringin' me
A sweet release to my ever-changing mind
And I think that maybe all I need
Is a little bit more time, more time

You make me want you for forever
But disgracefully I sighed
"No, I can't give you the love that you need"
I'm so indecisive all the time
So wrong to not be sure of something
We both need

I'm so sorry, baby
You can only have a piece of me
Will you ever find peace with me?
It makes me feel so sick inside
To be so twisted, to have lied
My only option is to run and hide
But you kept your grip on me
Love wouldn't let me leave
I need some clarity
My mind is dark and cloudy

Even the Earth can't take it
No, it keeps on swayin'
And I can't help but sway myself

It's been bringin' me
A sweet release to my ever-changing mind
And I think that maybe all I needed
Was a little bit more time, more time
You're mine, you're mine all the time

So if you find someone who helps you breathe
There you might be a safe one
In this life, we all need clarity
But you might miss a great one
If you doubt
