

# That's My Girl

The Wildhearts

London zero one  
Got a feeling this'll run  
Takes my breath away  
When I say  
That's my girl

Plays it cool  
Breaks the rules  
Not a sufferer of fools  
Wanna eat ya cus I'm hot for teacher  
That's my girl

She's so fine, she's so fine, she's so fine, she's always on my mind  
She's the one, shes a bomb and she's gonna blow at anytime

That's my girl  
That's my girl  
That's my girl girl girl girl girl  
That's my girl

Our first date  
I was late  
Took me to a strip club  
She's so fine  
Blew my mind  
Didn't even wanna look  
Other guys in her dreams  
And I'm nowhere to be seen  
It's not easy being green

That's my girl  
That's my girl  
That's my girl girl girl girl girl  
That's my girl

She's so fine, she's so fine and I think about her all the time

Sitting at home  
Listening to songs  
My band comes on  
I sing along  
She doesn't know  
That it's my song  
Shrieks cold and hot  
Turn that shit off, hey!

Cus she's so fine, she's so fine, she's so fine, she's always on my mind

That's my girl  
That's my girl  
That's my girl girl girl girl girl  
That's my girl

She's so fine she's so fine and I think about her all the time

That's my girl  
That's my girl

That's my girl  
That's my girl
