

## Closets

The Wilkinsons

You say you'll call when the time is right, yeah right  
You must think there's something better  
You just haven't met her  
I should put my life on hold and wait  
You'll be back when you're ready  
Funny you expect me  
To gather dust, to trust that much

Chorus:

Baby, I don't hang in closets  
Baby, I don't sit on shelves  
Like a coat that's out of fashion  
While you go and try on something else  
I don't stay in storage like your Beatle albums do  
Baby, I don't hang in closets  
Oh, waiting 'round for you  
You say we're moving a bit too fast, that's all  
You want me to be patient, selfish expectation  
When you decide that my love fits you just right  
You want me to be here when you see your way clear  
To carry on, that's where you're wrong

Chorus:

Baby, I don't hang in closets  
Baby, I don't sit on shelves  
Like a coat that's out of fashion  
While you go and try on something else  
I don't stay in storage like your Beatle albums do  
Baby, I don't hang in closets  
Oh, waiting 'round for you  
I'm not a hand me down  
Wont be your place to fall  
And I wont be around  
When you say you love me after all

2nd Chorus:

Baby, I don't hang in closets  
Baby, I don't sit on shelves  
Like a coat that's out of fashion  
While you go and try on something else  
Stacked up in the corner  
Just yesterday's news  
Baby, I don't hang in closets  
Oh, I don't hang in closets  
Waiting 'round for you  
Waiting 'round for you
