I Don't Know What to Say

The Wind and the Wave

I don't know how to
I don't know how to make it clear to you
I may not need you, but that doesn't mean I don't want you at all

I know you love me
But it's hard for you to show it sometimes
The sun is always shining
Even in the black of night

I'm in the right place
But I don't know what to say now
That everybody's in their own lane
Blind and making all the same mistakes
I'm in a good state of mind
But I don't know what to say cause
Everybody's in their own way now
Everybody's in their own way now

And I don't want to
I don't want to have to spell it out
But I don't think there's any other way to make you understand
Cause I've been trying
I've been trying to prove myself to you
I built a ladder to the stars while your head was in the sand

I'm in the right place
But I don't know what to say now
That everybody's in their own lane
Blind and making all the same mistakes
I'm in a good state of mind
But I don't know what to say cause
Everybody's in their own way now
Everybody's in their own way now

I'm in the right place
But I don't know what to say now
That everybody's in their own lane
Blind and making all the same mistakes
I'm in a good state of mind
But I don't know what to say cause
Everybody's in their own way now
Everybody's in their own way now
