

## It's Simple

## The Wind and the Wave

When you think you know what you're doing  
You're moving at a good pace  
You got it all figured out  
When you feel good for a second  
You reckon it's a good time  
To let your guard down  
But that's when your bad karma comes around

You never know when your time is up  
And the days you spent unraveled  
Man, they don't mean much  
Cause love will get you through  
If it's the only thing you do  
You never know  
When the sky will fall  
And everything that mattered  
Doesn't matter at all  
Cause love will get you through  
If it's the only thing you do

When you think you know where you're going  
Your train is on the right track  
All your pain's in the past  
When it looks like everything is perfect  
You've finally found  
You can let all your walls down  
But that's when your bad karma comes around

You never know when your time is up  
And the days you spent unraveled  
Man, they don't mean much  
Cause love will get you through  
If it's the only thing you do  
You never know  
When the sky will fall  
And everything that mattered  
Doesn't matter at all  
Cause love will get you through  
If it's the only thing you do

That's when you lose your way  
Change your space  
You bend. Your break  
And then baby you're on your way  
Baby you're on your way

That's when you lose your way  
Change your space  
You bend. Your break  
And then baby you're on your way  
Baby you're on your way

You never know when your time is up  
And the days you spent unraveled  
Man, they don't mean much  
Cause love will get you through  
If it's the only thing you do

You never know when the sky will fall and everything that mattered  
Doesn't matter at all  
Cause love will get you through  
If it's the only thing you do  
It's simple
