

When That Fever Takes a Hold On You

The Wind and the Wave

Not gonna worry 'bout it here
I left my troubles all behind
You know I don't where we're going
If you ask me, just wanna get the car and drive

You know baby, I'm down for anything
You don't have to ask me twice
You know when that fever takes a hold on you
Everything, it just feels right

Not gonna worry 'bout it, dear
Lord knows that shit can hold you down
I'm gonna let my bleeding heart take over
And let the wind blow me around

You know baby, I'm down for anything
You don't have to ask me twice
You know when that fever takes a hold on you
Everything, it just feels right

Baby, let's get high and fall asleep under the stars
Watch the fire burn until there's nothing left but sparks
'Cause home is anywhere we are
Home is anywhere we are

Ain't gonna worry 'bout it no, no
You know I left my troubles all behind

You know, I'm down for anything
You don't have to ask me twice
You know when that fever takes a hold on you
Everything, it just feels right

You know, I'm down for anything
You don't have to ask me twice
You know when that fever takes a hold on you
Everything, it just feels right
