The time we shared together
Is so precious
What will happen tomorrow?
My heart beats, the sun shines on us
Facing each other, we smile as we run through this time
Reaching out our hands, chasing our dreams, crossing over the waves
Flying high, shining brightly
The world we create together

Our memories on a page in the notebook
Spread out blue in the sky
Riding the wind, spreading our wings again
Take my hand

With an excited heart, towards tomorrow
I won't stop, I'll cross over the wall
Imagine it, forever
Pouring out everything with you

We spread our wings wide
I can't stop
Excited heart

In the movie called life, you and I are the protagonists, smile
I'll keep the precious moments forever in my heart
Remember me, all the nights and days we spent together

Our memories on a page in the notebook
Spread out blue in the sky
Riding the wind, spreading our wings again
Take my hand

With an excited heart, towards tomorrow
I won't stop, I'll cross over the wall
Imagine it, forever
Pouring out everything with you, woah, yeah

We spread our wings wide
I can't stop
Excited heart
