

## Captain Love

The Winery Dogs

Another lost cause  
She's messing with a lot of things  
She wants the applause  
She's gonna give up everything... off we go  
Into the wild and dangerous side  
Been through a lot of pain... help  
Another lost cause  
She's messing with a lot of things, a lot of things and now she  
turns it up!

All night, we breakin' off  
That's why, she calling captain love  
I'm forty five but I'm 18 in the clutch  
Woman, who you callin'? Captain love

Yea, I'll be your captain, we can't slow this thing down  
She'll make your jaw drop  
Despise the fashion but you wear the shoes  
Don't let your heart stop  
You'll be ready once you pay your dues  
Into the wild and dangerous side  
Where there's no one to blame  
Another lost cause  
We're messing with a lot of things, a lot of things and now we  
turning up!

All night, we breakin' off  
That's why, she calling captain love  
I'm forty five but I'm 18 in the clutch  
Woman, she's calling captain love

It's not a lost cause  
You know we all want everything  
It's just some old laws  
That keep us judging, breaking wings, but so what?  
It's time to turn it up!

All night, we breakin' off  
That's why, she calling captain love  
I'm forty five but I'm 18 in the clutch  
Woman, aren't you? Captain love  
Calling captain love, o? calling my number baby  
Yea yea yea... they call me the captain  
Woah woman, I'll be your captain on this ride
