

Solid Ground

The Winery Dogs

Don't know where I lost my head
I used to think I'd be better off
I wonder why you live alone in my memory
How can I live my day knowing I ever let you down
So if you let me
I'll be your solid ground

We've said so many things
That I don't know where we are
I know we both have a scar but we're not that far
We're not two shooting stars
I can't keep questioning all the answers I have found
I swear I will do anything
I'll stay around and be your solid ground

Why don't you let me
Let me in like you did before
So I can show you
I know it will be for sure

We've said so many things
That I don't know where we are
I know we both have a scar but we're not that far
We're not two shooting stars
I can't keep questioning all the answers I have found
I swear I will do anything
I will stand by, I will be your solid ground

You know I'd die to love you
And be the air you breathe
I have the saints above you
You are the light to me

How can I live my day knowing I ever let you down
So if you let me
I'll be your solid ground

We've said so many things
That I don't know where we are
I know we both have a scar but we're not that far
We're not two shooting stars
I can't keep questioning all the answers I have found
I swear I will do anything
I will stay around and be your solid ground
