

# Good Idea at the Time

The Wombats

Get some of that make up on  
And tell me what could go wrong  
In a city that's built on water and stilts

You can bounce me off the tide  
Watch me as a subdivide  
Into a masked parade  
Where I can be led astray

Why've you got to analyze it?  
Why've you got to analyze it?

And some don't come back from here  
It costs money just to disappear  
It costs money just to take it on the chin  
To detune the violin

It's not sleep that I need  
I want to let off a little steam  
In a city that knows  
A few things we don't

Why've you got to analyze it?  
Why've you got to analyze it?  
I just want to forget about it

Why've you got to analyze it?  
Why've you got to analyze it?  
I just want to forget about it

I didn't mean to wage a war  
I didn't mean to start a fight  
It was a good idea at the time

I've seen fog like this before  
I guess I should have read the signs  
It was a good idea at the time

I didn't mean to wage a war  
I didn't mean to start a fight  
It was a good idea at the time

And you can try and shut the door  
But nothing ever gets left behind  
It was a good idea at the time

Why've you got to analyze it?  
Why've you got to analyze it?  
Why've you got to analyze it?  
It was a good idea at the time

Why've you got to analyze it?  
Why've you got to analyze it?  
Why've you got to analyze it?  
It was a good idea at the time

Why've you got to analyze it?

Why've you got to analyze it?  
Why've you got to analyze it?  
It was a good idea at the time

Why've you got to analyze it?  
Why've you got to analyze it?  
Why've you got to analyze it?  
It was a good idea at the time

Why've you got to analyze it?  
Why've you got to analyze it?  
Why've you got to analyze it?  
It was a good idea at the time

I just want to forget about it  
I just want to forget about it  
I just want to forget about it  
It was a good idea at the time
