

# Lethal Combination

The Wombats

Baby, let's go and get blind tonight  
I'll hold your hair back and you'll hold mine, oh, oh, oh, oh  
Say it's all over, unleash the hounds  
Every silver lining has a cloud, oh, oh, oh, oh  
If you remember this tomorrow then you're doing it wrong

We're a lethal combination, too lost for therapy  
Guilty by association, I'll keep you close to me  
Baby, let's go and get blind tonight  
I'll hold your hair back and you'll hold mine, oh, oh, oh, oh  
Say it's all over, unleash the hounds  
Every silver lining has a cloud, oh, oh, oh, oh

And if you wake up feeling happy, you're doing it wrong  
You should be in cold water with your best dress on  
And me and Niagara Falls adding to all of your missed calls  
If you remember this tomorrow then you're doing it all wrong

We're a lethal combination, too lost for therapy  
Guilty by association, I'll keep you close to me  
Baby, let's go and get blind tonight  
I'll hold your hair back and you'll hold mine, oh, oh, oh, oh  
Say it's all over, unleash the hounds  
Every silver lining has a cloud, oh, oh, oh, oh

My best friends, are my enemies  
So I'll keep you close to me
