

## Branded

The Word Alive

[Verse 1]

No living savior to follow home,  
Wandering hopeless into the unknown.  
Is there hope, to hope like them?  
Save me from the hell I'm in.

[Chorus]

We came dependent just to be branded,  
It's hard to believe we don't belong.  
Here we are standing, together demanding,  
Singing for those who don't belong.

[Verse 2]

So here we are, off in the unknown,  
Aimless, but tired of being alone.  
Is there hope? To hope like them?  
Save me from the hell I'm in.

[Chorus]

We came dependent just to be branded,  
It's hard to believe we don't belong.  
Here we are standing, together demanding,  
Singing for those who don't belong.

[Hook]

Lost and found, I had no home,  
Found myself when I gave up hope.  
So don't forget your darkest hours,  
Light the way to a life empowered.  
Don't forget your darkest hours,  
Light the way, light the way!

[Bridge]

(We came dependent just to be branded  
It's hard to believe we don't belong)

[Outro]

We came dependent just to be branded,  
It's hard to believe we don't belong.  
Here we are standing, together demanding  
Singing for those who don't belong,  
Don't belong!
