

Dreamer

The Word Alive

[Intro]

I've forgotten who I am, afraid it's too late.

Was I wrong? Was there hope all along?

[Verse]

Can't remember when I felt alive, illusions turn cold.

Lost myself but worse than anything, I woke up on my own.

I remember thinking of impossible things,

Of never backing down to impossibility.

[Chorus]

Dreamer, where have you gone?

Dreamer, will you beware?

Dreamer (dreamer)

Dreamer come home.

[Bridge]

There nothing left but emptiness,

When you realise what you could have been.

Kept searching for the right moment,

When you just have to live in it!

You just have to live in it.

[Outro]

Dreamer, where have you gone?

Dreamer, will you beware?

Dreamer (dreamer)

Dreamer come home.
