The Word Alive

[Verse 1]

I'm not expecting anything
From the ones who couldn't accept me.
I've never needed anything,
But I just hope inside for the good in me!

[Chorus]

I won't let them destroy me,
They won't bring me to my knees.
So I'll wait patiently, because eventually,
We find ourselves in you.
You will find your hell in me.

[Verse 2]

You don't deserve the pity
When the pity is that you deserted me.
You never feel this good inside,
'Cause there's nothing good living deep inside.

[Chorus]

I won't let them destroy me,
They won't bring me to my knees.
So I'll wait patiently, because eventually,
We find ourselves in you.
You will find your hell in me.

[Hook]

Everything's meant to be broken,
Everything's meant to be broken.
So break me! So break me!
So break me! So break me down!
Down!

[Bridge]

I won't let them destroy me,
They won't bring me to my knees.
I won't let them destroy me,
They won't bring me to my knees.
(And you will find your hell in me)

[Outro]

I won't let them destroy me,
They won't bring me to my knees.
So I'll wait patiently, because eventually,
We find ourselves in you.
You will find your hell in me.
