My Enemy

The Word Alive

[Verse 1]
I wish I knew a better way to say
All the things I've kept inside
You're running through my mind
We're running out of time

[Pre-Chorus]
I don't want you to see the worst in me
But the darkness always finds a way

[Chorus]
Don't want you to see the worst in me
It's calling me, my enemy
But it's become all I'll ever be
It's calling me, my enemy
(My enemy)

[Verse 2]
Fear is a ghost
Just a voice you hear when light disappears
Why, no one knows
I've been there and I've faced my fears
Fear is a ghost
Why, no one knows

[Pre-Chorus]

I don't want you to see the worst in me
But the darkness always finds a way

[Chorus]
Don't want you to see the worst in me
It's calling me, my enemy
But it's become all I'll ever be
It's calling me, my enemy
(My enemy)

[Breakdown]
Forged in the fire I lit inside me

[Outro Chorus]
Don't want you to see the worst in me
(It's calling me, my enemy)
But it's become all I'll ever be
(It's calling me, my enemy)
Don't want you to see the worst in me
(It's calling me, my enemy)
But it's become all I'll ever be
(It's calling me, my enemy)
