

Even if I'm left with nothing,  
No heart or soul to bare.  
Even if I'm left with nothing,  
Is anybody there?  
Even if I'm left with nothing,  
No heart or soul to bare.  
Even if I'm left with nothing,  
Is anybody there?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
Sometimes I don't even want to try (I don't know why),  
Sometimes I wanna leave the world behind (maybe for the last time)  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you miss me? Would you miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done?  
(Would you even miss me?)  
What have I done? (What have I done?)  
(Would you even miss me?)  
What have I done? (What have I done?)  
(Would you even miss me?)  
What have I done? (What have I done?)  
(Would you even miss me?)  
What have I done?
