Suffocating

The Word Alive

[Verse 1]
I'm sinking in expectation,
Can't find my way out.
I deserve an explanation,
I lost myself in doubt.
Waiting for a revelation,
Do I deserve this shit?
When you feel there's nothing left,
That's when you'll find me dead.
[Chorus]
Feels like I'm suffocating!
I'm suffocating.
The walls closing in on me,
I'm suffocating.
[Verse 2]
Now I'm unable to breathe,
Conserving energy.
It's like a disease,
Catastrophy.
Won't you please help me see?
Don't know if this will help.
There's more than this in me,
Don't know if this will help.
[Chorus]
Feels like I'm suffocating!
I'm suffocating.
The walls closing in on me,
I'm suffocating.
[Bridge]
I'm suffocating, I'm suffocating.
[Outro]
Feels like I'm suffocating (I'm suffocating)!
I'm suffocating.
The walls closing in on me (closing in on me),
I'm suffocating.
Feels like I'm suffocating (I'm suffocating)!
I'm suffocating.
The walls closing in on me (closing in on me),
I'm suffocating.
