

Static

The Wrecks

I promise, darling, you
You're not
You're not
The havoc in my head, I wish the static would stop
I put you through hell
I'm sorry (Sorry)
I should've known better
I should've known better

I was so dumb
Thought I earned your love
Thought I finally had it in the bag
Even made your mother laugh
I could ask you what I did wrong
It'd probably still go over my head

Why do I give up on love so easy
Just when it gets good?
And why am I so self-obsessive?
I can't treat you like I should

I promise, darling, you
You're not
You're not
The havoc in my head, I wish the static would stop
I put you through hell
I'm sorry (I'm sorry)
For letting you down
I promise, darling
You're not
You're not
The havoc in my head, I wish the static would stop
I put you through hell
I'm sorry (I'm sorry)
I should've known better
Should've known better
I should've known better

(I should have known better)
(I should have known better)
(I should have known better)

I promise, darling, you
You're not
You're not
The havoc in my head, I wish the static would stop
I'm sorry (I'm sorry)
For letting you down
I promise, darling
You're not
You're not
The havoc in my head, I wish the static would stop
I put you through hell
I'm sorry (I'm sorry)
I should've known better
Should've known better
I should've known better

(I should have known better)

(I should have known better)

(I should have known better)
