

Turn It Up

The Wrecks

Have you ever even been in love
Have you had that taste
Ever felt that touch
Is it true
You thinking what I'm thinking of
Everytime we chase
It's just not enough

It's all in your head
So it can't be wrong
Love is love and what's done is done
Why, my oh my
Best believe it's gonna hurt this time
I can't believe that I'm always trying to find out what's wrong with that
Talking facts are facts
Might as well just drown me out

Turn it up
Louder
I want it louder
C'mon lets just turn it up I'm turning to you
Turn it up louder
I want it louder
Let's do all the things you say that I won't do
C'mon, c'mon
Shut me up
Hold me down
Blindfolded
Turn around
Teach me how to live in love
When I'm with you
I turn it up

January 2009
I was high out of my mind
Where'd that feeling go feeling go
Can't believe I was dumb enough
Just trying to fall in love
Can't really blame me though blame me though

I was always going out for more than I could handle
Bring it back bring it back
when you knocked me down
just to prove that I could stand up
Here we go, here we go
Time to drown me out

Turn it up
Louder
I want it louder
C'mon lets just turn it up I'm turning to you
Turn it up louder
I want it louder
Let's do all the things you say that I won't do
C'mon, c'mon
Shut me up
Hold me down

Blindfolded
Turn around
Teach me how to live in love
When I'm with you
I turn it up

Louder
I want it louder
C'mon lets just turn it up I'm turning to you
Turn it up louder
I want it louder
Let's do all the things you say that I won't do
C'mon, c'mon
Shut me up
Hold me down
Blindfolded
Turn around
Teach me how to live in love
When I'm with you
I turn it up
