

# Try

The xx

We bide our time  
Though the time is fine  
Oh to be there, I could be there  
Say you'll be there

You know the way, I  
Can't resist you, I  
Said to myself I'll try

Why do we waste time  
Hiding it inside?  
I want you to be mine

Now it's dead and gone  
You say what you would've done  
You would've been there,  
I wish you'd been there,  
I needed you there

And if we try once more  
Would you give me it all?  
I won't believe it,  
'Til I can feel it  
Can you feel it?

You know the way, I  
Can't resist you, I  
Said to myself I'll try
