

Oh my dreamboat, I wanna say
This has been one beautiful day
C'mon let's do it again, tomorrow at 10
Hey, whaddya say?

Oh no dreamboat what can I do?
I'm falling head over heels in love with you
And I just can't say
What makes me feel this way

Maybe it's the way you came along
Found me on my own
Maybe it's because it makes you happy
Just to have me home

Oh my dreamboat I wanna do something
I never done before
Yet I won't ask you to say
Never to go away no more

Yeah cause dreamboat you sure got somethin'
That make me feel good inside
I wanna take you right home, turn out the phone
Let the rest of the world go slidin' by

Oh my dreamboat
Got you got you dreamboat
Won't you won't you dreamboat
Won't you come home with me?

Maybe it's the way you came along
Yeah and found it on my own
Maybe it's because it makes you happy
Just to have me home

Oh my dreamboat I wanna do something
I never done before
Yet I won't ask you to say
Never to go away no more

Yeah cause dreamboat you sure got somethin'
That make me feel good inside
I wanna take you right home, turn out the phone
Let the rest of the world go slidin' by

Oh my dreamboat
Got you got you dreamboat
Won't you won't you dreamboat
Won't you come home with me?
