

Light Shine

The Youngbloods

People let your light shine
Oh now let it shine
Come on let it shine on
All night and day
People let your light shine
Oh now let it shine
Come on let it shine on
All night and day

We all got a light inside
People how can we survive?
If we don't let it shine on
All night and day
You know the world is dark with fear
People scared to let you near
They need you need to shine on and on
All night and day

Come on let your light shine
Oh now let it shine
People let it shine on
All night and day
People let your light shine
Oh now let it shine
Now let it shine on
All night and day

Come on be a sunrise
Let your love light fill your eyes
Yeah and let it shine on
All night and day
Moving like a river flow
We can make the feeling grow
If you only shine on
Shine on all day

People let your light shine
Come on now let it shine
Yeah let it shine on, shine on
All night and day
People let your light shine
Oh now let it shine
Come on let it shine on
All night and day
