

Luminary Singularity

The Zenith Passage

Experimenting with neuro-
physical disillusions; deciphering the Luminary inquiries
Waves and disconnected particles parallel with one another univ
ersally projected
Perceptual Collective
The Luminary Singularity
Radiance emitting from this chasm of flesh separating itself or
embodied concurrently
Beams protruding various velocities scattering across the galax
ies creating sustainable forms of life
Imminent being pulsing through cellular life replicating itself
in entirety
Pulsing, creating, questioning the principle of life forms birt
hed from the light
Luminescence is mankind's vaguest illusion
Radiance emitting from this chasm of flesh separating itself or
embodied concurrently
Beams protruding various velocities scattering across the galax
ies creating sustainable forms of life
