

Simulated Reality

The Zenith Passage

Ancient ponderings and comprehension of a defined existence
Leading into quantum chromodynamical Technologies
Colossal instruments calculating every conclusion
Throughout the ages of perception, human inability to interpret
the origins of the universes
Fabricated blueprints of creation effortlessly spawning with li
mitless expansion
Capable of infinite growth
Intricate wires seeping through the flesh of the surreal, conne
cted into binary
Deleting, force-feeding simulated reality for an eternity
Creation composed of immense knowledge
Piloting the way
To universal constructs Furthering advancement of the simulatio
n
Expansion in comprehension through time The self-realization
Becoming more perceptible
Acceptance of a fabricated entity
Digital veil is dissipated
Humanity mechanically Propagated
Existentially computer generated
Arterial apparatuses becoming enshrouded
With waking eyes mankind sees its genuine blank vastness
Fictitious existence concluding nonexistence
