

# Energy Czar

The Zolas

How'd we get so far  
We've been floating through this life  
A bee that bumbled onto a transatlantic flight

Say just what you want  
We'll overnight it  
Saying what you need  
Is more messed up  
Human hearts never stop

But are we having a good time?  
Oh yeah, It's a cynical world  
Yeah, we're taking a joyride  
Forecast to crash with the sun  
We've seen it, the zenith  
Of our genius, uh huh  
And her temper's gonna rise  
She's gonna break us  
Like a dirty habit  
Can you blame her?  
No

Building's falling down  
"Baby, cut the lights," she said  
Ooh ooh, I'm the energy czar  
Ashes in your hair, music floating everywhere  
Ooh ooh, I'm the energy czar  
Wave of mutilation plays on every station for you  
Ooh ooh, I'm the energy czar  
Baby, it's been fun  
Off you go, I think we're done  
Ooh ooh, I'm the energy czar

Fever, fever, fever  
Flushes out all the bad germs in my mouth

Say what you want  
You already got it  
Say just what you need  
Is a little snide  
Human thirst never dries

But are we having a good time?  
Oh yeah, It's a cynical world  
Yeah, we're taking a joyride  
Forecast to crash with the sun  
We've seen it, the zenith  
Of our genius, uh huh  
And our temper's gonna rise  
She's gonna break us  
Like a dirty habit  
Can you feel it?  
I can feel it now

Building's falling down  
"Baby, cut the lights," she said  
Ooh ooh, I'm the energy czar

Ashes in your hair, music floating everywhere  
Ooh ooh, I'm the energy czar  
Wayward mutilation plays on every station for you  
Ooh ooh, I'm the energy czar  
Baby, it's been fun  
Off you go I think we're done  
Ooh ooh, I'm the energy czar

Building's falling down  
"Baby, cut the lights," she said  
Ooh ooh, I'm the energy czar  
Ashes in your hair, music floating everywhere  
Ooh ooh, I'm the energy czar  
Wayward mutilation loops on every station for you  
Ooh ooh, I'm the energy czar  
Baby, it's been fun  
Off you go I think we're done  
Ooh ooh, I'm the energy czar
