

I Can't Be Wrong

The Zombies

For me time is only seasons
And nights are simply broken days
The cries are not always the reasons
I can't be wrong when I'm with you

For me the highest is not the hilltop
Neither the deepest of the deep blue sea
My face is wet when the rain stops
I can't be wrong when I'm with you

I can't be wrong can't be wrong when I'm with you
I can't be wrong can't be wrong when I'm with you
I can't be wrong

I said the sun must be freezing
January should only be a place
I thought there was but there isn't
I can't be wrong when I'm with you
