

I Must Move

The Zombies

You've known me no more than just a few days
And you think love is so good you want me to stay
But that won't be any good

No, I won't stop, won't stay
And you must know in truth
Girl, you can't be in love yet
You've no word of proof that I love you
And even if I do...

I must move on, must move on
I can't stand still
I must move on, must move on, must go

Take a good look at yourself and at me
Turn right around, opened eyed you will see
When this day is through, I'll be leaving you

I must move on, must move on
I can't stand still
I must move on, must move on, must go

Hummm--mmmm-mmmm Hummm--mmmm-mmmm
Hummm--mmmm-mmmm Hummm--mmmm-mmmm
Hummm--mmmm-mmmm No, no
You've known me no more than just a few days
And you think love is so good you want me to stay
But that won't be any good
