

## Rediscover

The Zombies

How can I begin to rediscover  
I can't find the way  
Only yesterday  
These dreams seem made for another  
Have I blown them all away

How can I begin to rediscover  
All that I should see  
Can it really be  
That now I see for the first time  
Everything as it could be

All my life I've struggled with for freedom  
Tried to lose these chains  
I've felt so lost  
Double crossed  
Just a mess of confusion so  
I can hardly see  
For the mist of illusion in me

Now somehow I'm feeling so completely  
Everything is changed  
Since I met you  
Now I feel I'm living so sweetly  
And my eyes can surely see  
Everything as it should be  
Since you're everything to me

Now I feel I'm living so sweetly  
And my eyes can surely see  
Everything as it should be  
Since you're everything to me
