

# Walking in the Sun

The Zombies

We'll be walking in the sun  
And share our joy with everyone

If they only knew  
The joy I share with you

They'd be walking in the sun  
(They'd be walking in the sun)  
(They'd be walking in the sun)  
They'd be walking in the sun  
(They'd be walking in the sun)

You will lie and walk with me  
And we will share our ecstasy  
Round the world  
They laugh and say  
Lovers ought to be that way

So please try to understand  
If I touch and hold your hand

If they only knew  
The joy I share with you

They'd be walking in the sun  
(They'd be walking in the sun)  
(They'd be walking in the sun)  
(They'd be walking in the sun)  
They'd be walking in the sun

You will lie and walk with me  
And we will share our ecstasy  
Round the world  
They laugh and say  
Lovers ought to be that way

So please try to understand  
If I touch and hold your hand

If they only knew  
The joy I share with you

They'd be walking in the sun  
(They'd be walking in the sun)  
(They'd be walking in the sun)  
They'd be walking in the sun  
(They'd be walking in the sun)  
(They'd be walking in the sun)
