

Hollow

Theatre of Tragedy

Hollow
Waking,
Falling stars from substratum
Who holds the key to break the old bonds?
Stare into space
Until you cannot see your face
I turn away
I turn, but never get back.
Trying hard to be someone,
In return you end up hollow.
Like a sinking ship I float.
A stormy sunny day, I turn away.
I've come to realize this is gone tomorrow
Brittle and frail, we (will) fall down
All that we are is a means to an end
It doesn't matter what you do
Give me your hand and open up your eyes,
And burn away -- release yourself
I will not follow you across the silver sky of summer
And like someone from tomorrow I sense innocence
In my dreaming
I wasn't sleeping
[Chorus]
