Thee Oh Sees

Forever before I die  
My guts are pockets underground  
But I grow into a field  
You lay upon me and slip away

A spray of flowers am I  
Within the wild and chilly night  
And we linger when we leave  
Become the food that we both eat

Don't be sour  
It gives me the feeling, it gives me the feeling  
Every hour  
Wait for the sun, yeah, things will be fun yeah  
The dopy flowers  
it gives me the feeling, it gives me the feeling  
Every hour  
Wait for the sun, yeah, things will be fun yeah  
Wait for the sun, yeah, things will be fun yeah

Forever before I die
