

Sugar Boat

Thee Oh Sees

Sugar boats are falling
Save your ears for calling
I say that is appalling
Like "I love you"
Let's just be clear and true

And when the sun goes out
You like to roam about
And shout about
About about your lover's cooing yeah

Sugar boats are falling
Save your ears for calling
I say that is appalling
Like "I love you"
Let's just be clear and true

And when the sun goes out
You like to roam about
And shout about
About about about
