

Electrified

TheFatRat

No warning, in a flash of light
Don't need no warning, this feeling's right
Vibrations chill through my bones
Sensations flow through your glow

So incredible
The way I feel with you so phenomenal
How you always push me through, unforgettable
The way I feel with you, unbelievable
How you always push me through

Electrified-ied
Electrified with you
Electrified-ied
Electrified with you

So incredible
So phenomenal
Electrified-ied
Electrified with you

I'm pulsing, in a flash of light
My heart's convulsing, this feeling's right
Vibrations chill through my bones
Sensations flow through your glow

So incredible
The way I feel with you, so phenomenal (So phenomenal)
How you always push me through, unforgettable (Unforgettable)
The way I feel with you, unbelievable (Unbelievable)
How you always push me through
