

# Warbringer

TheFatRat

(Hm-hm-hm)  
Out of fear  
We kept running  
Tried to hide away  
(Hm-hm-hm)  
Can you hear  
War is coming  
Beckoning our fate

This is the day that we stand up  
This is the day we fight  
We'll take our place, we won't give in  
Our victory's in sight  
Only a sword in our hand but  
We enter the lions den  
We're not waiting for a war  
We bring the war to them

We bring the war to them
