

Frat Boyz

Theia

Frat boyz, brat boyz, bad boyz, frat boyz

I am the new era, I am the new era
This bitch don't fear ya
I wear the crown

I am the new era, does my ego scare ya?
I am the new era
Don't bring me down

I'm not cool enough for ya
You ignore when I call ya
But your mom, she adores ya
Frat boyz, frat boyz

Cool enough for ya
All them dudes crushing on ya
And now I'm coming for ya
Tick tick tick tick

Revenge on my tongue
You're on the run
La la la la
You are my enemy
You were not meant to be
La la la la

I am the new era, I am the new era
This bitch don't fear ya
I wear the crown

I am the new era, does my ego scare ya?
I am the new era
Don't bring me down

So I'll watch as the flames lick your face
Judging me was your mistake
Now you wallow in disgrace

On your knees tears are falling from your eyes
It's too late to sympathise
I guess hell is your demise

I am the new era, I am the new era
This bitch don't fear ya

I am the new era, does my ego scare ya?
I am the new era

Burn your club I'll burn it down
Burn it down!
Stop your shit just shut it down
Down, down
Burn your club I'll burn it down
It's my turn now
Stop your shit just shut it down
I'll take you down

Frat boyz, brat boyz, bad boyz, frat boyz

Revenge on my tongue

You're on the run

La la la la

You are my enemy

You were not meant to be

La la la la
