

Kitty Kat

Theia

Bury all my haters in a graveyard
You mustn't know me cos I play hard
I'm not your baby, I'm a vampire
Suck your blood up, then I'll bury ya

I know you love it, I know you love it
Telling me I've peaked when I'm just getting started
You really hate it, you really hate it
I've got nine lives so I'm never going under

I know you love it, you've really done it
Telling me to smile, I'm a one hit wonder
Desperado with your bravado
Got my fangs out - wanna play with fire?

Call me a slut when I dress like that
Gonna chain me up like a kitty kat
Hands around my neck I'll give you a scratch
Karma comes around cos this kitty bites back

Call me a slut when I dress like that
Gonna chain me up like a kitty kat
Hands around my neck I'll give you a scratch
Karma comes around cos this kitty bites back

So you feel threatened cos I'm tougher
Prowl around my street I'ma fight ya
Looks like you're begging for some payback
If you heard what you say, you wouldn't say that

I know you love it, I know you love it
Telling me I've peaked when I'm just getting started
You really hate it, you really hate it
I've got nine lives so I'm never going under

I know you love it, you've really done it
Telling me to smile, I'm a one hit wonder
Desperado with your bravado
Got my fangs out - wanna play with fire?

Call me a slut when I dress like that
Gonna chain me up like a kitty kat
Hands around my neck I'll give you a scratch
Karma comes around cos this kitty bites back

Call me a slut when I dress like that
Gonna chain me up like a kitty kat
Hands around my neck I'll give you a scratch
Karma comes around cos this kitty bites back

Pretty kitty all alone
Do ya think she's yours to own?
If she squeals let her go
Don't you know I don't you so

Call me a slut when I dress like that
Gonna chain me up like a kitty kat

Hands around my neck I'll give you a scratch
Karma comes around cos this kitty bites back

Call me a slut when I dress like that
Gonna chain me up like a kitty kat
Hands around my neck I'll give you a scratch
Karma comes around cos this kitty bites back
