

# And I Thought You Loved Me

Thelma Houston

You took my hand and pulled me close  
And gently brushed your head upon my cheek  
You whispered something in my ear  
So softly, I could hardly hear you speak  
You stared straight in my eyes  
And pulled me closer and closer to your lips  
Ooh yeah, baby  
And just as we were face to face  
You stopped me, and you kissed my fingertips

And I thought you loved me  
When I saw that lovin' feelin' in your eyes  
And I thought you loved me, boy  
But you were really a-kissin' me goodbye

You walked up to the window  
Sayin' how it was such a beautiful day, yeah  
And you stumbled through your words  
Like there was something you thought you couldn't say, no  
You listened while I told you  
How happy, oh, we are gonna be, yeah  
Didn't you, baby?  
Then you cut me off, and said that there was somethin'  
Oh, I just couldn't see, no

Hey, and I thought you loved me  
When I saw that lovin' feelin' in your eyes  
And I thought you loved me, yeah  
But you were really a-tellin' me goodbye

And I thought you loved me, yeah  
When I saw that lovin' feelin' in your eyes  
Oh yeah, baby  
And I thought you loved me, yeah  
But you were really tellin' me goodbye  
And I thought you loved me  
When I saw that lovin' feelin' in your eyes  
Oh yeah, baby  
And I thought you loved me, yeah  
But you were really tellin' me goodbye  
And I thought you loved me  
When I saw that lovin' feelin' in your eyes...
